How to obtain a Merchant account with Stripe

Step 1: Sign Up online

The first step is to sign up online with Stripe.

- Go to <https://stripe.com/>
- Be sure to select your country from the bottom of the page

Step 2: Activate Your Account

When you Sign up you will be in Test Mode, and you would need to Activate your account. When you opt to activate your account, you will need to fill out the following form:

After you complete the form, click "Activate Account".

Step 3: Stripe will issue you a Publishable Key + Secret Key

Once you are approved, Stripe will issue your Publishable Key and Secret Key with your account activation. This is similar to the Merchant ID issued by other payment gateways.

Step 4: Update your

You will need to enter your Publishable Key and Secret Key in your . Follow the steps below for setting up Stripe and adding your account info in your .

Setting Stripe as your Payment Method

To configure Stripe as a payment gateway for your :

1. Login to your Workspace
2. Click on **Settings** from the left menu.
3. Within **Settings**, click on **Checkout and Payments**.
